

Haul more payload with our Ultra Light steel dump bodies.

More pay load, more profit!

This multi-purpose dump body is an excellent solution for hauling asphalt today, and shot rock tomorrow. The J&J Ultra Light steel dump body is comparable to aluminum dump bodies in weight with the proven impact and abrasion resistance of high hard steel. If you haul rock, gravel, asphalt or other aggregates, you owe it to yourself to check out the ultra light crossmemberless dump bodies from J&J Truck Bodies & Trailers.

The Lightweight Crossmemberless (LWC) ultra light steel dump body provides a considerable weight savings over traditional side post models.

Rely on our experience.

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 55+ years of experience to build you the dump trucks you want - we'll build them to your specification and application.

SPECIFICATIONS & DIMENSIONAL DATA FOR LIGHT WEIGHT CROSSMEMBERLESS ULTRA LIGHT DUMP BODIES

Rely on J&J Ultra Light dump bodies to deliver power and performance every time.

The absence of crossmembers reduces the weight of these trucks.

The hydraulic lift tailgate option prevents tailgate damage from large objects and functions as a conventional tailgate for standard aggregate hauling.

STEEL STANDARD SPECIFICATIONS*

Lengths: 13' to 20'.

Side Panels & Bulkhead: 1/8" steel

Floor: 3/16" floor with radius corners.
